EXPERIENCE

MERN Stack Developer Trainee

Campus Sutras

March 2025 – May 2025

Noida, Uttar Pradesh

- Gained hands-on experience in MongoDB, Express.js, React.js and Node.js.
- Developed full-stack applications and implemented REST APIs.
- Worked on responsive UI design and frontend – backend integration.
- Strengthened debugging, problem-solving and development workflow skills.

PROJECTS

Foolivery – Food Delivery Application

[\(GitHub Link\)](#)

- Developed a full-stack food delivery application using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Implemented features like **user authentication, restaurant listings, and order management**.
- Built RESTful APIs using **Node.js and Express.js** with **MongoDB** for efficient data storage.
- Designed a responsive frontend using **React.js** to ensure a seamless experience across devices.

To-Do App – To-Do List Application

[\(GitHub Link\)](#)

- Developed a responsive task management application using **HTML, CSS, and JavaScript**.
- Implemented core functionalities including **add, edit, delete, and mark-as-complete tasks**.
- Used **local storage** to persist user data across sessions without backend support.
- Designed a clean and intuitive user interface for improved usability and performance.
